We've had quite a few requests from older folk, like Don Cureton, to provide a printable version of the RAM - only too happy to oblige Don, from now on you can print out each page in PDF format, and if you're the only person in the whole wide world who doesn't have Acrobat Reader, you can get a free copy from the Adobe website.

AND!!! Please keep your contributions coming, we need your stories, and your photos, and **GIRLS!!!** where are you, we haven't heard from any of you - surely you have something to say!! What was life like at work, what was your social life like - what was life like living in the WRAFF-ery with all the curfews etc

We continue with the "What are they up to now" stories in this edition and we'd like to continue with them well into the future. There's a lot of interest in them, blokes like to know what their mates, who they haven't seen or heard from for yonks, have been up to since last they last met. If you'd like your story told, please send us your history along with a couple of photos - and that includes you blokettes too...

If you're using Firefox or some other Internet Explorer, apart from Microsoft's, you might find some formatting problem, if so, we're sorry but there's not much we can do about it. Our web authoring program, which is a Microsoft product, seems to work better with other MS products.
