

Where are they now?

Len Grinham

Does anyone know the whereabouts of Lenny Grinham. Len was a sumpie, he worked on the Lincolns, was in Vietnam on the Caribous from June 1966 to June 1967, then back to 38 Sqn at Richmond.

John Butler

Last issue we were looking for ex Radtech-A John Butler. Last we knew of John he was head honcho for the Brisbane North SES, but last November, (2007) he left and we didn't have a forwarding address. Well, Kev Rosser tracked him down for us, and we're please to say that John has retired, is now living in one of Brisbane's northern suburbs and is currently touring the USA and Europe.
