Sadly, in the few months since our last issue, we have once again lost some very good mates.

[See Page 2](#)

Douglas Barthelson has sent us some more photos of Telstechs courses and would like us to put names to faces.

[See page 3](#)

Do you know what Schost.EXE does, and do you know the difference between DVD+R and DVD-R? - No! Well Sam does,

[See page 4](#)

We have the result of our car survey and a bunch of photos of the Butterworth "Hostie"

[See page 5](#)

Ted's got lots more interesting stuff to tell us about

[See page 6](#)

Ron Raymond continues his story of his early days learning to fly Tiger Moths at the Wagga flying school.
