Introduction

This booklet is a guide for payments and services provided by the Department of Veterans' Affairs (DVA) drawn from DVA Facts Sheets.

DVA Facts Sheets are available on request from any DVA office, or on the DVA website at www.dva.gov.au/factsheets/default.htm.

If you have an interest in a particular subject addressed in this information kit it is strongly advised you regularly check with your nearest DVA office, or on the website for the latest

information. Remember, DVA Facts Sheets are updated on a regular basis.

Wherever possible, reference is made to the relevant DVA Facts Sheet throughout this Information Kit. The reference numbers quoted relate to individual DVA Facts Sheets.

While every care is taken to ensure the information in this kit is up to date and accurate it is recommended that if you have any queries about your entitlements, please contact the DVA.

Veterans' Affairs Network

The Veterans' Affairs Network (VAN) is a service set up by DVA to promote the independence and wellbeing of members of the veteran community.

VAN Offices:

- Work with veterans and the local community to develop programs and service to meet their needs;
- Answer queries about DVA's services and veterans' entitlements;
- Inform clients of the services available in their community;
- Educate service providers about the Department and veterans;
- Work with local service providers to make sure veterans and war widow(er)s have access to appropriate services; and
- Represent and work with other Departmental services to ensure veterans and war widow(er)s receive effective and efficient services, e.g. Health Adviser Assistance, and Day Clubs.

In capital cities VAN operates from existing DVA State Offices, with other offices located in areas where there are large veteran communities.

In those larger regional centres where the veteran population is considerable, but not large enough to sustain a VAN office, DVA has contracted a range of agency sites that provide information and support services to the veteran community on behalf of the Department. These agency sites are located in NSW (Bega, Coffs Harbour, Dubbo, Orange, Port Macquarie, Tamworth, Taree and Wagga Wagga), VIC (Bendigo and Mildura), QLD (Cairns, Emerald, Gladstone, Mackay, Rockhampton, Roma, Thursday Island), and SA (Mt Gambier).

Addresses and telephone numbers are at the end of this booklet.

DVA Pensions

The DVA pays two main types of pensions:

■ **Compensation Pensions**, which include:

- **DISABILITY PENSIONS:** indexed twice yearly in March & September with reference to Consumer Price Index (CPI) or proportion of Male Total Average Weekly Earnings (MTAWE), whichever is greater. *(Source: DVA FACTS DP28)*

- **WAR WIDOW(ER)S PENSIONS:** indexed twice yearly in March & September with reference to Consumer Price Index (CPI) or proportion of Male Total Average Weekly Earnings (MTAWE), whichever is greater. *(Source: DVA FACTS IS159)*

■ **Income Support Pensions**, which include:

- **SERVICE PENSIONS:** indexed twice yearly in March & September with reference to Consumer Price Index (CPI) or proportion of Male Total Average Weekly Earnings (MTAWE), whichever is greater. *(Source: DVA FACTS IS159)*

- **INCOME SUPPORT SUPPLEMENTS:** indexed twice yearly in March & September with reference to Consumer Price Index (CPI) or proportion of Male Total Average Weekly Earnings (MTAWE), whichever is greater. *(Source: DVA FACTS IS159)*

These pensions are paid fortnightly.

Veterans may also be eligible for certain additional allowances.

Information on eligibility and how to claim pensions and allowances is available from the nearest DVA Office or VAN Office.

Addresses and telephone contact numbers for DVA Offices are at the end of this booklet. *(Source: DVA FACTS IS01 and DP01)*

Compensation Pensions

All amounts of pensions given are current from 20 March 2009.

Disability Pension

The Disability Pension may be paid to a veteran or an ex service person who has an injury or disease related to their service. It is not taxable and is not subject to an income or assets test.

It may be paid in addition to a Service Pension (and Defence Incapacity payments) where it is not included in the means test, and in addition to Centrelink benefits.

Where Centrelink includes disability pensions in the means test for social security benefits such as age pensions and disability support pensions, the deduction made is refunded by the DVA on a fortnightly basis. This payment is known as the Defence Force Income Support Allowance (DFISA).

You may be eligible for a disability pension under the Veterans' Entitlements Act 1986 if you suffer from an injury or disease that is a result of service:

- In the Australian Defence Force (ADF) during a time of conflict before 1 July 2004;
- In the Australian Merchant Navy during World War 2;
- As a United Nations Peacekeeper representing Australia overseas before 1 July 2004;
- In the ADF whilst undertaking hazardous service overseas before 1 July 2004;
- As one of certain civilians who assisted the ADF in wartime before 1 July 2004;
- In the ADF (after completion of a 3 year qualifying period, unless medically discharged) from 7 December 1972 to 6 April 1994. (If you enlisted before 22 May 1986 you can also claim for injuries or diseases resulting from service up to 1 July 2004).

You may also be entitled to a disability pension if you served with a Commonwealth or allied country and you lived in Australia before you enlisted (domicile test applied).

For ADF personnel ineligible for veterans' benefits, compensation for service caused injuries may be available from the Military Compensation Group (MCG) also located in DVA.

For those with service between 1972 and 1994, compensation may be available under both schemes for peacetime service – but one is offset against the other. If offsetting may affect you, before making any decisions, you should get advice from DVA that is specific to your circumstances. You may also wish to obtain financial advice as compensation offsetting in most cases affects a disability pension for life.

For ADF personnel injured after 1 July 2004, compensation is only available under the Military Rehabilitation and Compensation Act (MRCA).

Further information is available on pages 39 to 44 of this kit. However, as all this entails a very complex interaction of three compensation schemes, advice on making claims should be obtained from DVA, or any ex service organisation with trained advocates. A list DVA contacts appears at the end of this kit.

As well as the disability pension, allowances are payable for specific purposes relating to your war-caused or defence-caused injuries and diseases. (See the Health Care and Services Section).

There are four different types of disability pensions under the Veterans Entitlements Act:

GENERAL RATE

The General Rate is paid in increments at the following rates:

100%	\$359.50	50%	\$179.75
90%	\$323.55	40%	\$143.80
80%	\$287.60	30%	\$107.85
70%	\$251.65	20%	\$71.90
60%	\$215.70	10%	\$35.95

(Source: DVA FACTS IS30 and DP43)

SPECIAL (T&PI) RATE AND INTERMEDIATE RATE

Special (T&PI) Rate and Intermediate Rate pensions may be paid to veterans whose capacity to earn a living has been seriously affected by war-caused or defence-caused injury or disease.

The fortnightly T&PI rate is \$1,011.90, and the Intermediate Rate is \$686.60.

(Source: DVA FACTS IS30 and DP43)

To receive T&PI rate you must be incapable of working more than 8 hours per week, and for a Intermediate Rate person the limit is 20 hours per week and the loss of earnings must be due to service related incapacity alone.

EXTREME DISABLEMENT ADJUSTMENT (EDA)

EDA may be paid to severely incapacitated veterans aged over 65 years who do not receive the Special or Intermediate Rate.

The current rate is \$558.50 per fortnight.

(Source: DVA FACTS IS30 and DP44)

ADDITIONAL DISABILITY PENSION FOR SPECIFIC DISABILITIES

This pension is paid to veterans with war-caused or defence-caused amputation or blindness, depending on their circumstances.

The adjustment is added to the veteran's disability pension but the maximum is equal to the Special Rate (T&PI).

Refer to DVA FACTS DP43 for full details.

Allowances and Other Benefits

If you receive a disability pension you may also be entitled to other allowances. If you have any queries about your eligibility for any of these allowances, contact your local DVA office.

LOSS OF EARNINGS ALLOWANCE

This allowance may be paid if a veteran loses earnings because of being treated for a war-caused or defence-caused injury or disease, or attending appointments to claim a disability pension. The allowance may also be paid to a person who loses earnings because they are helping a veteran to claim for disability pension.

(Source: DVA FACTS DP43)

TEMPORARY INCAPACITY ALLOWANCE

This allowance may be paid to a veteran who is unable to work due to being admitted to a hospital or other institution for treatment for a war-caused or defence-caused injury or disease, and that treatment extends for 28 days or more.

(Source: DVA FACTS DP43)

VICTORIA CROSS ALLOWANCE

An allowance of \$3,676 per annum payable to holders of the Victoria Cross.

(Source: DVA FACTS IS30 and DP43)

DECORATION ALLOWANCE

This allowance is paid automatically at the rate of \$2.10 per fortnight to Disability Pensioners who were awarded certain decorations for gallantry.

(Source: DVA FACTS IS30 and DP43)

ATTENDANT ALLOWANCE

An attendant allowance may be paid if a veteran needs the assistance of an attendant. It is paid at two levels, according to the type of injury or disease.

The fortnightly amount is currently \$138.00 at the low rate and \$276.40 at the high rate.

(Source: DVA FACTS IS30 and DP43)

CLOTHING ALLOWANCE

A clothing allowance may be paid if a veteran's war-caused or defence caused injury or disease causes exceptional wear and tear or damage to clothing.

The rate payable depends on the extent of injury or disease. The fortnightly amount is currently \$5.30 at the Low Rate, \$7.90 at the Mid Rate and \$11.50 at the High Rate.

(Source: DVA FACTS IS30 and DP43)

RECREATION TRANSPORT ALLOWANCE

This allowance may be paid to help with the costs of transport for recreation purposes where a war-caused injury seriously affects a veteran's mobility.

The current rates of Recreation Transport Allowance are \$73.80 per fortnight (high rate) or \$36.70 per fortnight (low rate).

(Source: DVA FACTS IS30 and DP43)

VEHICLE ASSISTANCE SCHEME

This scheme may assist a veteran to purchase and modify a motor vehicle where service or war

caused amputation, injury or disease severely affects the ability to move around.

A running and maintenance allowance is also payable to help defray the cost of registering and insuring the vehicle.

The rate per year for maintenance and running costs is \$1,918.80.

(Source: DVA FACTS IS30 and DP43)

GST EXEMPTION

An exemption from payment of GST on the purchase of a new motor vehicle, or spare parts, may be available to a veteran on the Special (T&PI) Rate or in the case of serious injury to a leg or both arms.

To claim the exemption a certificate must be obtained from DVA for lodgement with the Australian Taxation Office.

(Source: DVA FACTS DP79)

The equivalent is also available for purchase of a motorcycle by way of a grant from DVA.

(Source: DVA FACTS DP42)

War Widow(er)s Pension (WWP)

This pension is currently \$607.00 per fortnight, is not taxable nor subject to an income or assets test. *(Source: DVA FACTS IS30 and DP43)*

The pensioner may also be eligible for an Age Pension or Disability Support Pension from Centrelink, or the Income Support Supplement from DVA. Rent assistance may also be payable in addition to a means-tested pension from either DVA or Centrelink.

To be eligible for a war widow's pension, the person's partner, a veteran, must have died as the result of a service caused injury or disability. Where the veteran is on either T&PI or EDA rate of disability pension, WWP is granted automatically to surviving spouse.

Orphans Pension

The rate payable is \$84.40 per fortnight where the veteran parent is deceased, and \$168.80 where both parents are deceased. It is also paid where the veteran is paid the Special Rate (T&PI) Pension.

(Source: DVA FACTS IS30 and DP43)

Income Support Pensions

Service Pension

The Service Pension is similar to the Age Pension paid by Centrelink but is only available to those veterans who have Qualifying Service. It is available 5 years earlier than the Age Pension (contact your local DVA office for further information), or may be payable earlier on grounds of invalidity where the veteran is permanently unable to work or is permanently blind (see DVA Facts Sheet IS02). Income and assets test apply.

A service pension granted on the grounds of invalidity may be tax free until the recipient reaches Centrelink Age Pension age. Contact Centrelink on 13 23 00 or see DVA Facts Sheet IS02 for further details.

THE CURRENT MAXIMUM SERVICE PENSION RATES PER FORTNIGHT ARE:

Single pensioner	\$569.80
Pensioner couple (each)	\$475.90

(Source: DVA FACTS IS30)

Pension Bonus Scheme

The Pension Bonus Scheme is designed to encourage people to stay in the workforce longer by offering a once only, tax free, lump sum bonus to those veterans, partners of veterans, war widows and widowers, who wish to keep working instead of claiming an income support pension.

For eligibility criteria contact the DVA or read DVA Fact Sheet IS07.

Partner Service Pension

The partner of a Service Pensioner may also be entitled to receive a Partner Service Pension.

To check eligibility for

- current partners, or
- former partners, or
- widows or widowers, and
- age and eligibility requirements

please contact your local DVA office or see DVA Facts Sheet IS45.

Income and Assets Tests for Service Pension

The amount of Service Pension an eligible veteran is able to receive is subject to two separate tests, an Income Test and an Assets Test.

The test paying the lower rate of pension is the one that is applied.

Pensioners considered blind are not subject to the income and assets tests.

The Income Test and Assets Test ready reckoners on the following pages provide a rough guide as to how much pension may be payable. Always check your eligibility with DVA or Centrelink.

To use the tables correctly you will need to determine the following:

- Whether you will be paid the single rate or the couples rate of pension;
- Whether you are considered a homeowner or a non-homeowner;
- Your total assets; and
- Your gross fortnightly income (including your war widow(er)'s pension and deemed income from financial assets).

All amounts shown in the accompanying tables are fortnightly payments and include the pharmaceutical allowance.

The Tables are taken from Ready Reckoner information prepared by DVA.

(Source: DVA FACTS IS164 to IS168)

Facts Sheets to assist in calculating the amount of Service Pension you may be eligible for are available from DVA.

Read the Facts Sheets carefully before doing the calculations. If you have any questions contact DVA.

(Source: DVA FACTS IS34, IS35 and IS36)

INCOME TEST

The income test assesses the amount of other income you receive. You can receive up to a certain amount of income per fortnight before the amount of pension is reduced. This is known as the "income test free area".

This is currently \$138 per fortnight for single people and \$240 per fortnight combined for couples.

(Source: DVA FACTS IS34, IS35 and IS36)

ASSETS TEST

The assets test assesses the value of a pensioner or couple's assets, such as real estate, vehicles, boats and caravans. The family home is not counted as an asset, but holiday homes and investment properties are counted.

(Source: DVA FACTS IS34, IS35 and IS36)

A single pensioner or pensioner couple may have assets of up to a certain amount before the amount of pension payable is reduced. This is known as the "assets value limit". These limits are set out in the tables below.

Income Support Supplement (ISS)

ISS provides a regular income in addition to the war widow(er)s pension for Australian war widow(er)s with limited means. This includes wholly dependent partners under the Military Rehabilitation and Compensation Act 2004 (MRCA) with limited means. The payment is subject to an income and assets test.

To be eligible for ISS you must be an Australian war widow(er) or a wholly dependant partner under the MRCA and satisfy one of the following criteria:

- be of qualifying age (contact your local DVA office for further information) or
- be permanently blind or permanently incapacitated and unable to work; or
- have dependent children; or
- be the partner of a person receiving an income support pension from DVA or Centrelink.

Additional Benefits

All Service Pensioners and Income Support Supplement recipients are eligible for a number of additional benefits, including pharmaceutical benefits, hearing aids, telephone allowance, certain postal services and travel concessions.

CONCESSIONS

A Pensioner Concession Card, issued at the beginning of each year, must be produced to receive these benefits.

Concessions may also be available for utility charges such as water and electricity supply and on local council rates.

Details of these concessions are available from the appropriate State Government or Local Government authorities. The Commonwealth has no role in these concessions and considerable variation occurs between states.

TELEPHONE ALLOWANCE (TA)

Telephone allowance is paid to assist with the payment of telephone and internet accounts. It is paid under the Veterans' Entitlements Act 1986 (VEA) to eligible DVA pensioners and Commonwealth Seniors Health Card (CSHC) holders and can also be paid to eligible persons under the Military Rehabilitation and Compensation Act 2004 (MRCA). The telephone allowance is not taxable and is not income or assets tested.

There are four rates of telephone allowance:

- Base rate (\$ 23.00)
- Half the base rate (\$11.50)
- Telephone & Internet base rate (\$34.60)
- Half the Telephone & Internet base rate (\$17.30).

The rate of telephone allowance depends on the entitlement of you and your partner and whether each of you meets the telephone allowance eligibility criteria.

To be eligible for the internet rate of telephone allowance you must:

- be eligible for and in receipt of telephone allowance; and
- have a subscription to a home internet service that is in your name,
- your partner's name, or joint names.

BEREAVEMENT PAYMENTS

The bereavement payment is a payment to assist with the costs that may follow the death of a person and to help a surviving partner adjust their finances given that the pension of the deceased person will stop.

It is a non taxable payment made after the death of a person who receives certain payments from the Department of Veterans' Affairs (DVA).

The bereavement payment may be paid as a combination of a lump sum amount and the pension instalments paid after the person's death. Disability pension bereavement payments are always paid as a lump sum.

The individual amounts paid as either a lump sum, pension instalments or combination of the two will vary and depend on when we are told about the death. The overall amount will be the same, regardless of how it is paid.

Who can receive a bereavement payment?

If the pensioner was single

The payment is usually made to the deceased person's estate if the pensioner was single, separated, or widowed when they died, and they were receiving:

- service pension; or
- social security age pension; or
- Defence Force Income Support Allowance (DFISA); or
- income support supplement.

If the pensioner was a member of a couple

The payment is usually made to the surviving partner if the partners were:

- living together; or
- separated because of medical reasons or if either of them was in respite care at the time of death and the pensioner was receiving:
 - service pension; or
 - social security age pension; or
 - Defence Force Income Support Allowance (DFISA); or
 - income support supplement or
 - disability pension.

Repatriation Comprehensive Care Scheme (RCCS)

Under the Repatriation Comprehensive Care Scheme (RCCS) Local Medical Officers (LMOs) play a greater role in managing the health care of veterans and war widows(er)s who are chronically ill or have complex conditions.

The RPPS provides for the hospital care of eligible veterans, war widows and widowers. The aim is to use public hospitals, former repatriation hospitals, selected private hospitals and day surgery facilities whenever possible. These private hospitals, known as Veteran Partnering (VP) hospitals and day surgery facilities have been selected through competitive tendering processes.

In addition, the RPPS also provides a 'safety net' of contracted private non-VP hospitals and non-

contracted day surgery facilities. This ensures timely treatment for the veteran community when public hospitals, former repatriation hospitals, VP hospitals or contracted day surgery facilities can not meet your treatment needs within a reasonable time.

Allied Health Services

A range of Allied Health Services are available to eligible veterans.

Veterans are referred for care in their local community and, if necessary, linked with VVCS counsellors.

PTSD programs have been approved in all State capital cities.

Housing and Community Support

Defence Service Homes Loan Scheme

The Defence Service Homes (DSH) Scheme provides subsidised housing loans to veterans with warlike or operational service. Loans are also available as an employment benefit to some personnel who served in the Australian Defence Force (ADF) after December 1972.

Persons who first enlisted in the ADF on or after 15 May 1985 are generally covered by a separate Defence Homeowner Scheme provided by the Defence Housing Australia.

Under the DSH Scheme, the maximum amount an eligible person can borrow for their first loan is \$25,000 but the actual amount can vary depending on factors such as the ability to meet instalment payments and other commitments.

Two or more eligible persons may pool their entitlements on the one property.

DSH loans are only available through the Westpac Banking Corporation and are subsidised by the DVA.

Interest is capped at 6.85% per annum. The rate is variable at a rate of 1.5% per annum below the average market rate, whilst that rate remains below 8.35% per annum.

Fees and charges apply and loans are subject to lending criteria.

Further information may be obtained from the Department of Veterans' Affairs on 1300 434 627. (Source: DVA FACTS HAC01)

Defence Service Homes Insurance Scheme

Building insurance is available to eligible

veterans irrespective of whether they have a current DSH loan. It is also available to those who have homes funded through the Defence Homeowner Scheme.

DSH home contents insurance is underwritten by QBE Insurance (Australia) Limited and offers a comprehensive package to veterans, service personnel and associated groups.

Nursing Homes and Hostels

Veterans and war widow(er)s assessed as requiring residential care may be required to pay accommodation payments or daily care fees. An aged care assets assessment is required if government assistance is being sought.

Veterans, war widows and widowers requiring nursing home or hostel accommodation should contact the Department of Health and Ageing's hotline on free call number 1800 500 853. More information can be found at www.agedcareaustralia.gov.au

Alternatively contact your nearest DVA office or visit the DVA website at www.dva.gov.au.

Health and Wellbeing

The Department has adopted a holistic approach to the health and well-being of the veteran community by promoting programs that aim to enhance mental and physical health, and help maintain independence.

Chronic disease management and prevention programs include those addressing healthy eating (such as basic skills cooking classes) and healthy activity (such as group exercise classes). Members of the veteran community are able to participate in community based programs that provide the opportunity to develop new skills in these areas, and socialise with other participants.

DVA also recognises that chronic diseases (such as arthritis, heart disease and diabetes) can affect members of the veteran community. There are programs and support services available to the veteran community that can assist in the self-management of these existing health conditions and help to improve quality of life.

A number of health publications have also been developed by the Department to provide relevant and accurate information to the veteran community. These publications address topics such as physical exercise, prostate conditions and dementia.

Information about these programs (that are either implemented directly by DVA or in partnership with community-based organisations) and publications can be found on the DVA website (follow the Health link) or by contacting your DVA State office on 133 254.

Men's Health Peer Education

The Men's Health Peer Education (MHPE) program trains volunteers to provide health

information to their veteran peers to assist them in making lifestyle choices around their health. Once trained by DVA, volunteers are covered for personal accident, general liability and professional indemnity insurance while performing their role within the MHPE program. There are currently more than 300 trained volunteer facilitators operating nationally.

A quarterly magazine is distributed to volunteers and ex-service organisations with articles on topical issues relating to men's health and updates on what is happening with the program. Copies can be obtained by visiting the website on <http://www.dva.gov.au/health/menshealth/index.htm>

Day Clubs

Day Clubs are administered and operated by ex-service organisations with some assistance from DVA. The Clubs are open to all older people, not only veterans, and enhance the quality of life of the aged, the isolated and people with disabilities by promoting social contact through activities such as games, sports, fitness, information sessions and arts and crafts. The Clubs are sponsored by ESOs and run by volunteers from both the veteran and wider community who are assisted by DVA with training and advice.

For information, contact your local DVA office or www.dva.gov.au/health/day_Clubs/index.htm

Carer and Volunteer Support

DVA contracts community support advisers in most states to assist carers of veterans and veterans who are carers by providing information about support programs offered by DVA and other agencies. This could include information about home support services, respite care, carer support groups, community nursing, advocacy and day Clubs or other resources such as newsletters, videos and books.

Further information is available from the nearest DVA office by phoning 133 254.

Support programs available through the Department of Health and Ageing and HACC include:

- Carer Respite Centres – national freecall 1800 059 059;
- Carer Resource Centres – national freecall 1800 242 636; and
- Commonwealth Carelink Centres – national freecall 1800 052 222.

Veteran and Community Grants

Veteran & Community Grants provide seed funding for projects that support a healthy, quality lifestyle for members of the veteran community and assist them to remain living independently in their own homes. Grants also fund initiatives that reduce social isolation, support carers and improve access to community care services.

They are available to ex-service and community organisations, veteran representative groups and private organisations that can demonstrate a contribution to the welfare of members of the veteran community. Funding applications are considered three times each year.

Further information about Veteran & Community Grants can be obtained from DVA or www.dva.gov.au/health/grants.

Alcohol Management Project

The Alcohol Management Project was developed as a response to the Vietnam Veterans Health Study and DVA's Mental Health Strategy. It aims to create opportunities to reduce alcohol related harm in the veteran community by increasing awareness of alcohol

related issues and strengthening services for veterans with alcohol related problems.

The health promotion component of the project is *The Right Mix – Your Health and Alcohol* and has something for anyone interested in a healthy lifestyle. There is simple information about standard drinks, alcohol and medication, sleep and health conditions. You can find out how to start making changes if you want to, or where to go for help if you are concerned about your drinking.

Military Compensation

In addition to the provisions of the Veterans' Entitlements Act, there are two other pieces of legislation.

The first is the Safety, Rehabilitation and Compensation Act. The scheme under this Act is based on the scheme managed by COMCARE for employees of the Commonwealth. Its provisions precede legislation commencing in 1930. Some people are still covered by those provisions which were not replaced until 1986.

The second is the Military Rehabilitation and Compensation Act (MRCA) which came into effect on 1 July 2004. It replaced the SRCA and the VEA for all injuries occurring after that date.

Injuries before 1 July 2004 remain covered by the old legislation.

All Acts are administered by the DVA.

Following is a brief description of both the SRCA and MRCA. However readers are advised that the provisions of these Acts are complex, particularly where they may interact with the VEA. Veterans, or their dependents, seeking information about these Acts are strongly advised to contact DVA.

Safety, Rehabilitation and Compensation Act (SRCA)

The Safety, Rehabilitation and Compensation Act, related to service prior to 1 July 2004, provides Australian Defence Force members and former members with workers' compensation and rehabilitation benefits.

For incidents that happen on or after 1 July 2004 members, former members and their dependants are covered by the *Military Rehabilitation and Compensation Act 2004*.

SRCA benefits are available to members and former members of the ADF including reservists, cadets and officers and instructors of cadets.

The range of benefits which can be provided under the SRCA include:

- incapacity for work payments;
- medical and other treatment costs;
- household assistance;
- attendant care services;
- vocational and lifestyle rehabilitation;
- death benefits;
- lump sum payments for permanent impairment; and
- aids, appliances and alterations to home, workplace or car.

INCAPACITY PAYMENTS

Incapacity payments include:

- 100% of normal weekly earnings for the first 45 weeks (the 45 weeks includes any time off due to injury during service);
- Subsequently, 75% of normal weekly earnings after 45 weeks; and
- When returning to work after 45 weeks, a top up to between 80% and 100% of normal weekly earnings before your injury or illness, depending on the number of hours you are able to work. (Source: DVA FACTS MCS06)

Any superannuation payment you receive may affect your entitlements.

MEDICAL AND OTHER TREATMENT

There is generally no entitlement to medical and other treatment for full-time serving members because the ADF meets these expenses as a condition of service.

All reasonable medical, hospital, pharmaceutical and other treatment costs related to an accepted condition are met for former members of the ADF.

This is done either by direct billing by the health provider, or by reimbursement to the former member.

HOUSEHOLD ASSISTANCE

Assistance with household duties may be provided if the claimant is unable to carry out these duties due to their accepted condition.

There may be entitlement to help with cooking, house cleaning, gardening, laundry or other household services to a weekly maximum of \$375.98. (Source: DVA FACTS MCS06)

ATTENDANT CARE

If, because of the accepted condition, attendant care is needed for personal care such as bathing, dressing, administering medications, or other similar assistance, the MCRG may pay for such care up to a weekly maximum of \$375.98.

(Source: DVA FACTS MCS06)

VOCATIONAL AND LIFESTYLE REHABILITATION

If, as a result of an accepted condition, help is needed with skills assessment, retraining and job search, the DVA may assist you to return to the workforce. Special conditions apply.

DVA can also provide modifications to an injured member's home, car and workplace as well as other activities designed to restore an injured person's lifestyle as close as possible to its pre-injury level.

DEATH BENEFITS (from 20 September 2008)

Dependants may be entitled to:

- Lump sum death benefit of \$271,079.73 (comprising \$225,594.33 under the SRCA and \$45,484.80 under the Defence Act 1903);
- A further lump sum of \$67,769.94 for each dependant child is also payable under the *Defence Act 1903*;
- A weekly payment under the SRCA of \$75.17 may also be provided for dependent children under 16, or who are full-time students under 25. This benefit is in addition to any superannuation benefits payable.

(Source: DVA FACTS MCS06)

Funeral expenses up to \$9,575.91 may also be payable. (Source: DVA FACTS MCS06)

PERMANENT IMPAIRMENT

A lump sum payment can be made to compensate a member for the impairment effects of a permanent injury.

Generally, where impairment is medically assessed to be less than 10 per cent, no

lump sum compensation is payable. If a member or former member suffered permanent impairment between 1 December 1988 and 30 June 2004, inclusive, there may be an entitlement of up to \$206,794.83 under the SRCA. Different rates apply for injuries prior to that date.

Where an accepted condition results in a severe injury (i.e. 80% or more permanent whole person impairment) an additional \$64,284.90 is payable under the *Defence Act 1903*, together with an additional amount of \$67,769.94 for each dependant child.

(Source: DVA FACTS MCS06)

It is important to note that these payments are not settlements of a claim and may be payable in addition to ongoing entitlements to compensation in respect of vocational or other rehabilitation, medical and other treatment and incapacity for work. There are offsetting provisions for pensions paid under the VEA for death or disability. (Source: DVA FACTS MCS06)

OTHER BENEFITS PAYABLE

Depending on the nature and extent of the compensable condition, financial assistance may be available for:

- repair or replacement of any aid or appliance which is reasonably required; and
- financial advice of an amount up to \$1355.47 for a member who suffers a severe injury or for the family of a deceased member.

(Source: DVA FACTS MCS06)

Children of those who suffer "severe injuries", or of those who die in compensable circumstances, have access to the counselling services of the Veterans' Children Education Scheme.

The rates of benefits paid under the SRCA outlined above are subject to indexation from 1 July each year.

Military Rehabilitation and Compensation Act (MRCA)

Under the Military Rehabilitation and Compensation Act, the scheme provides treatment, rehabilitation and compensation for those who suffer an injury or contract a disease as a result of their service on or after 1 July 2004.

The legislation also provides compensation to dependants of those who die as a result of their service or who have been severely injured as a result of their service on or after 1 July 2004.

For injury, disease or death due to ADF service on or after 1 July 2004, the MRCA replaces military compensation arrangements derived from the:

- *Veterans' Entitlements Act 1986*,
- *Safety, Rehabilitation and Compensation Act 1988*;
- *Military Compensation Act 1994*; and
- *The Defence Act 1903* determination enhancements to the SRCA for ADF members.

Entitlements under these Acts existing before 1 July 2004 are not affected.

The Military Rehabilitation and Compensation Commission (MRCC) administers the MRCA through DVA.

COVERAGE

MRCA covers the following members of the ADF on or after 1 July 2004:

- all members of the permanent Defence Force;
- all members of the Reserve Force;
- cadets, officers and instructors of cadets; and
- other people declared in writing by the Minister for Defence to be members of the ADF.

ADF members and former members with injuries or conditions arising from service prior to 1 July 2004 are generally not covered by the MRCA for those injuries or conditions, and will continue to be covered under the VEA or the SRCA.

The only exceptions to this are where the person:

- suffers an injury or disease which is due to service or aggravated by service both before and after 1 July 2004 — in which case the injury or disease as well as the aggravation are covered under the MRCA; or
- has a condition accepted under the VEA or SRCA as well as a condition accepted under the MRCA — in these cases, the combined conditions will be assessed under the MRCA with the new MRCA payment being the difference between the VEA or SRCA payment and the benefit assessed under the MRCA for the combined conditions; or
- has a condition accepted under the VEA which is aggravated by service on or after 1 July 2004.

Note: In these cases there is a choice of applying for an increase in disability pension under the VEA or making a claim under the MRCA for the aggravation.

(Source: DVA FACTS MRC01)

REHABILITATION

Rehabilitation is the primary focus of the MRCA, providing support to help injured and ill members and former members achieve recovery and return to service or other work where possible. This includes a requirement for the Service Chief to appoint a case manager for each ADF member being discharged on medical grounds to provide advice and assistance during the transition to civilian life.

Rehabilitation of serving members is the responsibility of the member's Service Chief.

Rehabilitation of members identified for medical discharge, former members, part-time reservists and cadets is the responsibility of the MRCC. (Source: DVA FACTS MRC05)

COMPENSATION FOR PERMANENT IMPAIRMENT

Permanent impairment payments are tax-free compensation for the permanent medical impairment, pain and suffering and lifestyle

restrictions, which are a result of injuries or diseases, accepted as service-related under the MRCA.

The amount of permanent impairment compensation payable depends on the level of permanent impairment and whether the injury or disease is related to warlike or non-warlike service, or peacetime service.

Those eligible for maximum permanent impairment compensation receive the same amount regardless of the service which caused the impairment.

Permanent impairment payments can be paid as a lump sum, as periodic payments or as a combination of these.

The amount of compensation is calculated on the degree of impairment and the lifestyle effects of the accepted condition using *Guide to Determining Impairment and Compensation (GARP M)*.

The maximum permanent impairment payment at 80 impairment points is \$275.86 per week and the maximum lump sum is \$361,486.94.

(Source: DVA FACTS MRC04)

Where a member is eligible for maximum permanent impairment compensation, a further lump sum payment of \$71,017.68 is available for each child dependent on the member at the time compensation is awarded.

(Source: DVA FACTS MRC04)

INCAPACITY PAYMENTS

Incapacity payments are made to current and former ADF members for inability to work or reduced capacity to work because of injury or disease connected with MRCA service.

MRCA incapacity payments are similar to SRCA incapacity payments but have the following improved features:

- the weekly earnings calculation for discharged members has been boosted by a loading of \$127.32 per week;
(Source: DVA FACTS MRC04)
- incapacity payments do not include a deduction for the notional superannuation contribution, representing an increase of

some 5 per cent;

- reservists whose injury or illness arises from a period of continuous full-time service can have their incapacity payments based on either their civilian earnings or their ADF earnings, whichever is higher; and
(Source: DVA FACTS MRC30)
- cadets, officers and instructors of cadets will have their incapacity payments worked out on a case-by-case basis as their income can vary widely. (Source: DVA FACTS MRC31)

Consistent with the SRCA, where an ADF member is in receipt of a superannuation payment, their incapacity payments will be affected by the Commonwealth-funded component of any superannuation which accrued whilst they served in the ADF.

SPECIAL RATE DISABILITY PENSION SAFETY NET PAYMENT (SRDP)

The SRDP provides an alternative form of ongoing compensation for people whose capacity for work has been severely curtailed because of conditions due to ADF service.

A former member will be offered the choice of receiving taxable incapacity payments up to age 65 or a tax-free SRDP for life if they:

- have an injury or disease assessed at 50 or more impairment points which is likely to continue indefinitely;
- are in receipt of incapacity payments; and
- are assessed as:
 - unable to undertake paid work for more than 10-hours a week; and
 - unlikely to be assisted by rehabilitation to undertake paid work for more than 10-hours a week.

The SRDP is the same as the special rate disability pension payable under the VEA but is offset by the value of any permanent impairment payment received, and the remaining amount will be affected by the Commonwealth-funded component of superannuation.

(Source: DVA FACTS MRC21)

TREATMENT BENEFITS

Treatment for serving permanent force members and reservists on continuous full-time service is, in most cases, the responsibility of the Department of Defence.

For discharged members, cadets, part-time reservists and declared members treatment may be provided through:

- payment of reasonable costs for short-term treatment of accepted conditions; or
